Luxury mosaic for architecture and interiors

Materials and Collections Catalogue · 2026

ABOUT US

Art built into architecture

MOZAICHI RAM is an Israeli mosaic company based in Haifa. We design, supply and install luxury mosaic for architects, interior designers, developers, hotels and private clients.

The company grew out of a family tradition of working with artists. Our team has spent years in construction, art galleries and stone and wood sculpture, and has long-standing relationships with architects, developers and builders across Israel.

We combine this experience with a manufacturing partner of more than 30 years, whose work graces hotels and luxury homes around the world. Together we bring world-class mosaic to Israel, with full local support from the first idea to the final installation.

30+
years of experience (manufacturing partner)

300+
designs and colors

360°
design, supply and installation

OUR VISION

From a first project to an Israeli design language

STAGE 01

Supply and installation

Ready-made and custom mosaic, supplied and installed for architects, developers, hotels and private clients all over Israel: art walls, bathrooms, kitchens, pools and public spaces.

STAGE 02

Collections and large projects

Our own designed collections, original artworks created with Israeli artists, and large-scale hotel, residential and public projects.

Uncompromising quality

Carefully chosen materials, with physical samples before every order.

With you all the way

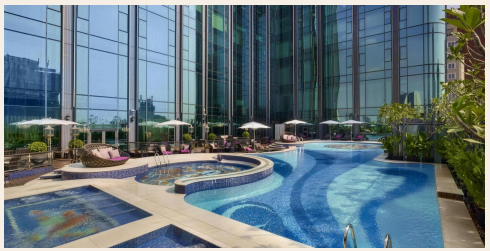
One contact person from the first design stage to project handover.

Expert installation

An experienced team of artists and installers, with close on-site supervision.

Made to measure

Colors, sizes and patterns matched to the plans and vision of each project.



THE FOUNDERS

The people behind MOZAICHI RAM

Three partners with one vision: to bring Israel mosaic of the standard found in the world's finest luxury hotels, and to give every client personal attention, availability and full responsibility.

OUR SERVICES

A complete service, from idea to installation

01

Design and advice

Choosing materials, colors and patterns to suit the architectural plans and the character of the space.

02

Custom mosaic

Original murals and patterns made from a sketch, a photo or an idea.

03

Supply and import

We manage the order, production, shipping and customs clearance, all the way to your site.

04

Expert installation

An experienced team of artists and installers for walls, floors, pools and facades.

05

Project management

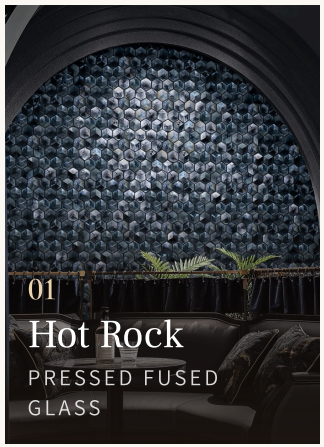
Full coordination with the architect, contractor and developer at every stage.

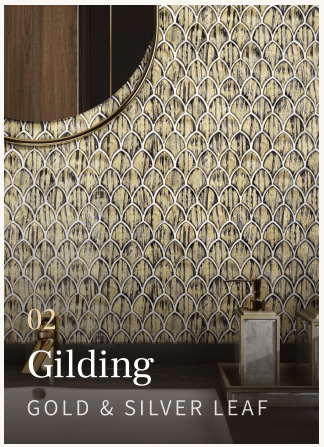
06

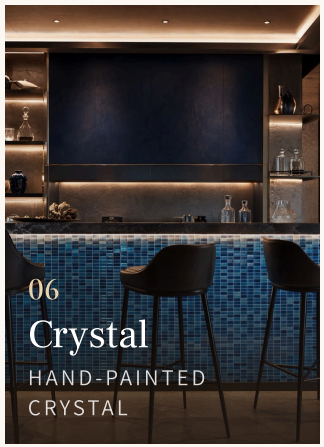
Physical samples

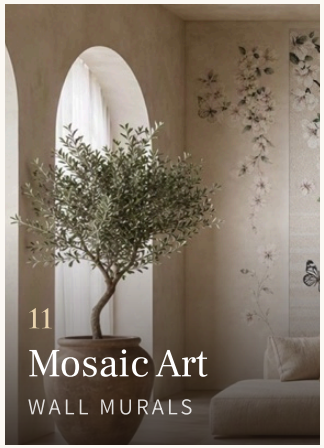
Material samples so you can judge color, shine and texture in the project's own light.

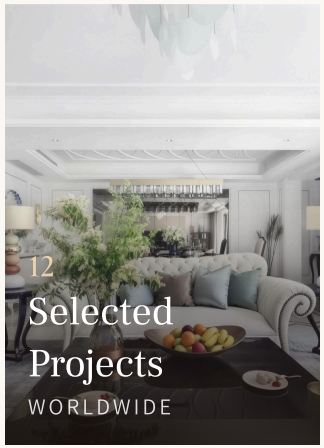
Ten material collections, endless possibilities





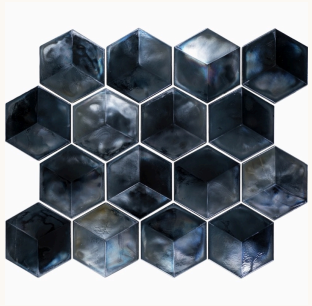






Hot Rock

Pressed fused glass up to 14 mm thick, with a deep relief that changes with the light through the day. Large formats and bold geometric shapes for kitchen walls, bathrooms and commercial spaces.



HXK45-01

Hand-cutting + waterjet

APPLICATIONS

Mosaic for every space

Hospitality

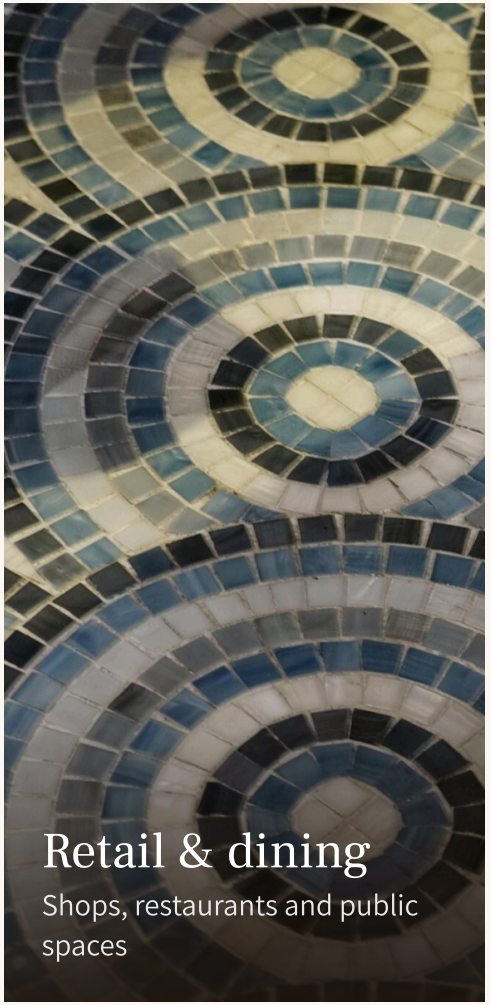
Hotel lobbies, suites, spas and restaurants

Luxury homes

Entrances, living rooms, bathrooms and kitchens

Pools & spas

Private pools, rooftop pools and hotels



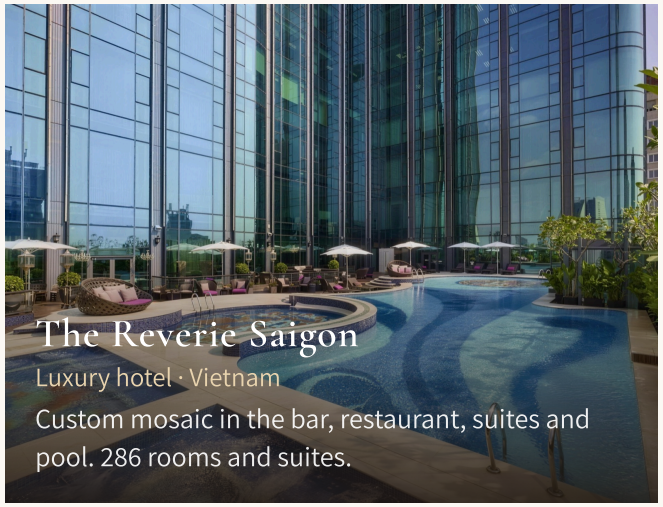
Retail & dining

Shops, restaurants and public spaces

SELECTED PROJECTS

Our materials in leading projects worldwide

Projects completed by our manufacturing partner, in the same materials and finish quality we bring to Israel.



The Reverie Saigon

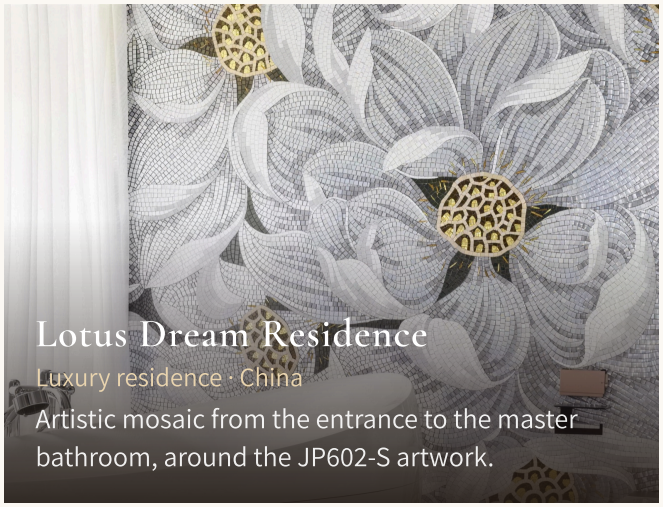
Luxury hotel · Vietnam

Custom mosaic in the bar, restaurant, suites and pool. 286 rooms and suites.

Fairmont Doha

Luxury hotel · Qatar

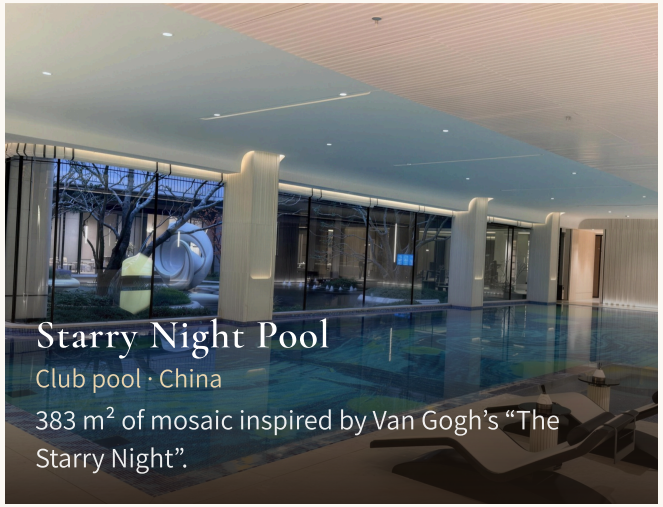
More than 20,000 m² of 24K gold glass mosaic, inspired by the desert and the sea.



Lotus Dream Residence

Luxury residence · China

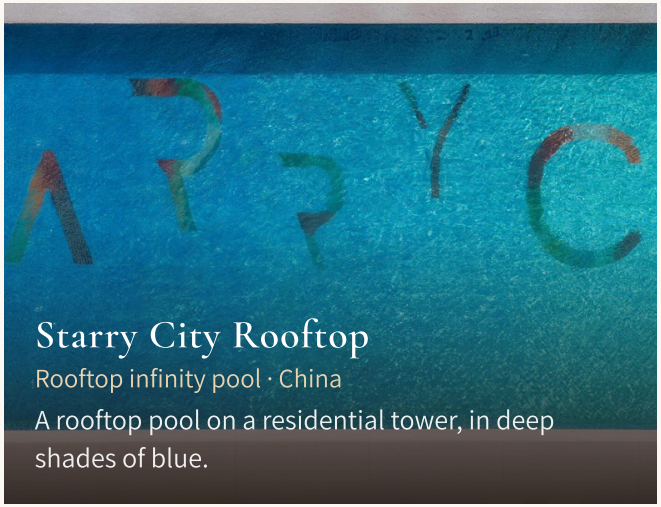
Artistic mosaic from the entrance to the master bathroom, around the JP602-S artwork.



Starry Night Pool

Club pool · China

383 m² of mosaic inspired by Van Gogh's "The Starry Night".



Starry City Rooftop

Rooftop infinity pool · China

A rooftop pool on a residential tower, in deep shades of blue.

Bosphorus Restaurant

Restaurant · China

Geometric patterns and color gradients across the walls, seating and floor.

HOW WE WORK

Six steps, one contact person

01
First meeting
Understanding the project, plans, budget and timeline.

02
Design and materials
Proposed collections, colors and patterns, or a custom design.

03
Samples and approval
Physical samples, visuals and a detailed quote.

04
Production
Made in the factory to the approved specification, with quality control.

05
Shipping and delivery
Shipping to Israel, customs clearance and delivery to site.

06
Installation and handover
Installed by our team, supervised and handed over to you.

General technical information

Sheets
About 30×30 cm, on mesh backing for quick installation

Thickness
From 3 mm (Mini Opal) to 14 mm (Hot Rock)

Materials
Fused glass, crystal, recycled glass, natural marble

Murals
Made to measure, up to entire walls

Exact sizes vary by design. Full specifications and physical samples are available on request.
